## ABOUT ME

Hi, My name is Aisyah and I currently work as a Drafter at Seif Designs. After graduating from the Interior Design Diploma program in 2019, I started my career as a Drafter in a small company. Within 6 months, I was given the opportunity to become an Interior Designer at a larger company. In 2020, I worked as an Assistant Lecturer in a public college's Associate degree program, while also doing freelance drafting work and on 2022 August i landed in. Canada as international student. My proficiency in AutoCAD (2016-202 versions) allows me to create technical drawings for cabinetry and interior design, while my skills in SketchUp, Maya, 3dsMax + Vray help me visualize designs. With years of experience, I am confident that I can contribute to your company's success.
